2 March 2020

Dear Parent/Carer

Coronavirus update

As you will be aware, the situation relating to the COVID-19 virus, otherwise known as Coronavirus, is changing all the time and new information is being issued by the government frequently. The most up-to-date information can be found by following this link: www.gov.uk/coronavirus

As a school, we will continue to monitor the situation closely, following all government advice as appropriate. We also have the support of Venturers Trust, where we have a central point of contact who is helping to ensure that we are doing everything possible to keep our students and staff safe.

We already have robust systems in place with regard to good personal hygiene, which includes giving children regular opportunities throughout the day to wash their hands. In individual classes and in whole school assemblies, we are reminding children how to prevent spreading germs.

I appreciate there is growing concern as cases become more frequent in the UK and we will notify you immediately of any change to our provision, should this be required. If you wish to discuss a specific issue regarding this, please contact me, via the school office.

Yours sincerely

Mrs Kerry McCullagh
Acting Principal
